Washington, DC 20554

In the Matter of

Amendment of Section 73.202(b),
Table of Allotments, FM Broadcast Stations
(McCall, Idaho)

MB Docket No. 14-_____

RM-_____

Directed to: Office of the Secretary
Attention: Chief, Media Bureau

PETITION FOR RULE MAKING

Ashley A. Bruton hereby respectfully submits this Petition for Rule Making to allot Channel 280A to McCall, Idaho. With respect thereto, the following is stated:

As set forth in the attached Engineering Statement, the allotment of Channel 280A at McCall can be made in accordance with Commission rules and policies, at the community reference coordinates. The proposed allotment site is fully-spaced, and city grade service will be provided to the entire community of license. Concurrently herewith, the proponent is filing an application on Form 301 for a construction permit for the Channel 280A allotment at McCall, and that application is also in accordance with the Commission's rules and policies. If this allotment is made, I will prosecute the application filed concurrently with this petition and will participate in any auction of the McCall allotment. In addition, if I am the winning bidder and am granted a construction permit, I will promptly construct the facilities authorized.

Grant of the instant petition would result in a second local service for the community of McCall, which is an incorporated city with a 2010 Census population of 2,991 persons.

The undersigned respectfully requests that the Commission grant this petition and allot Channel 280A for use at McCall, Idaho.

Respectfully submitted:

By:

ENGINEERING STATEMENT

**PETITION FOR RULEMAKING TO
AMEND SECTION 73.202 OF THE RULES
AND REGULATIONS FOR THE FEDERAL
COMMUNICATIONS COMMISSION**

**TO ALLOT CHANNEL 280A
FOR USE AT MCCALL, IDAHO**

ASHLEY A. BRUTON

JANUARY 2014

Engineering Statement

This Engineering Statement has been prepared on behalf of Ashley A. Bruton, in support of a Petition for Rulemaking to amend §73.202 of the Commission's Rules to allot Channel 280A for use at McCall, Idaho, as an additional local service.

The attached spacing study is included to demonstrate that Channel 280A can be allotted for use at McCall, with no site restriction. This site is at the reference coordinates for McCall. The standard Class A 70 dBu contour distance is 16.2 km, and so this site will provide 70 dBu service to 100% of McCall.

McCall is an incorporated city in Valley County, with a 2010 Census population of 2,991 persons.

As required, a Form 301 application is also being filed for Channel 280A at McCall.
